# Our Impact

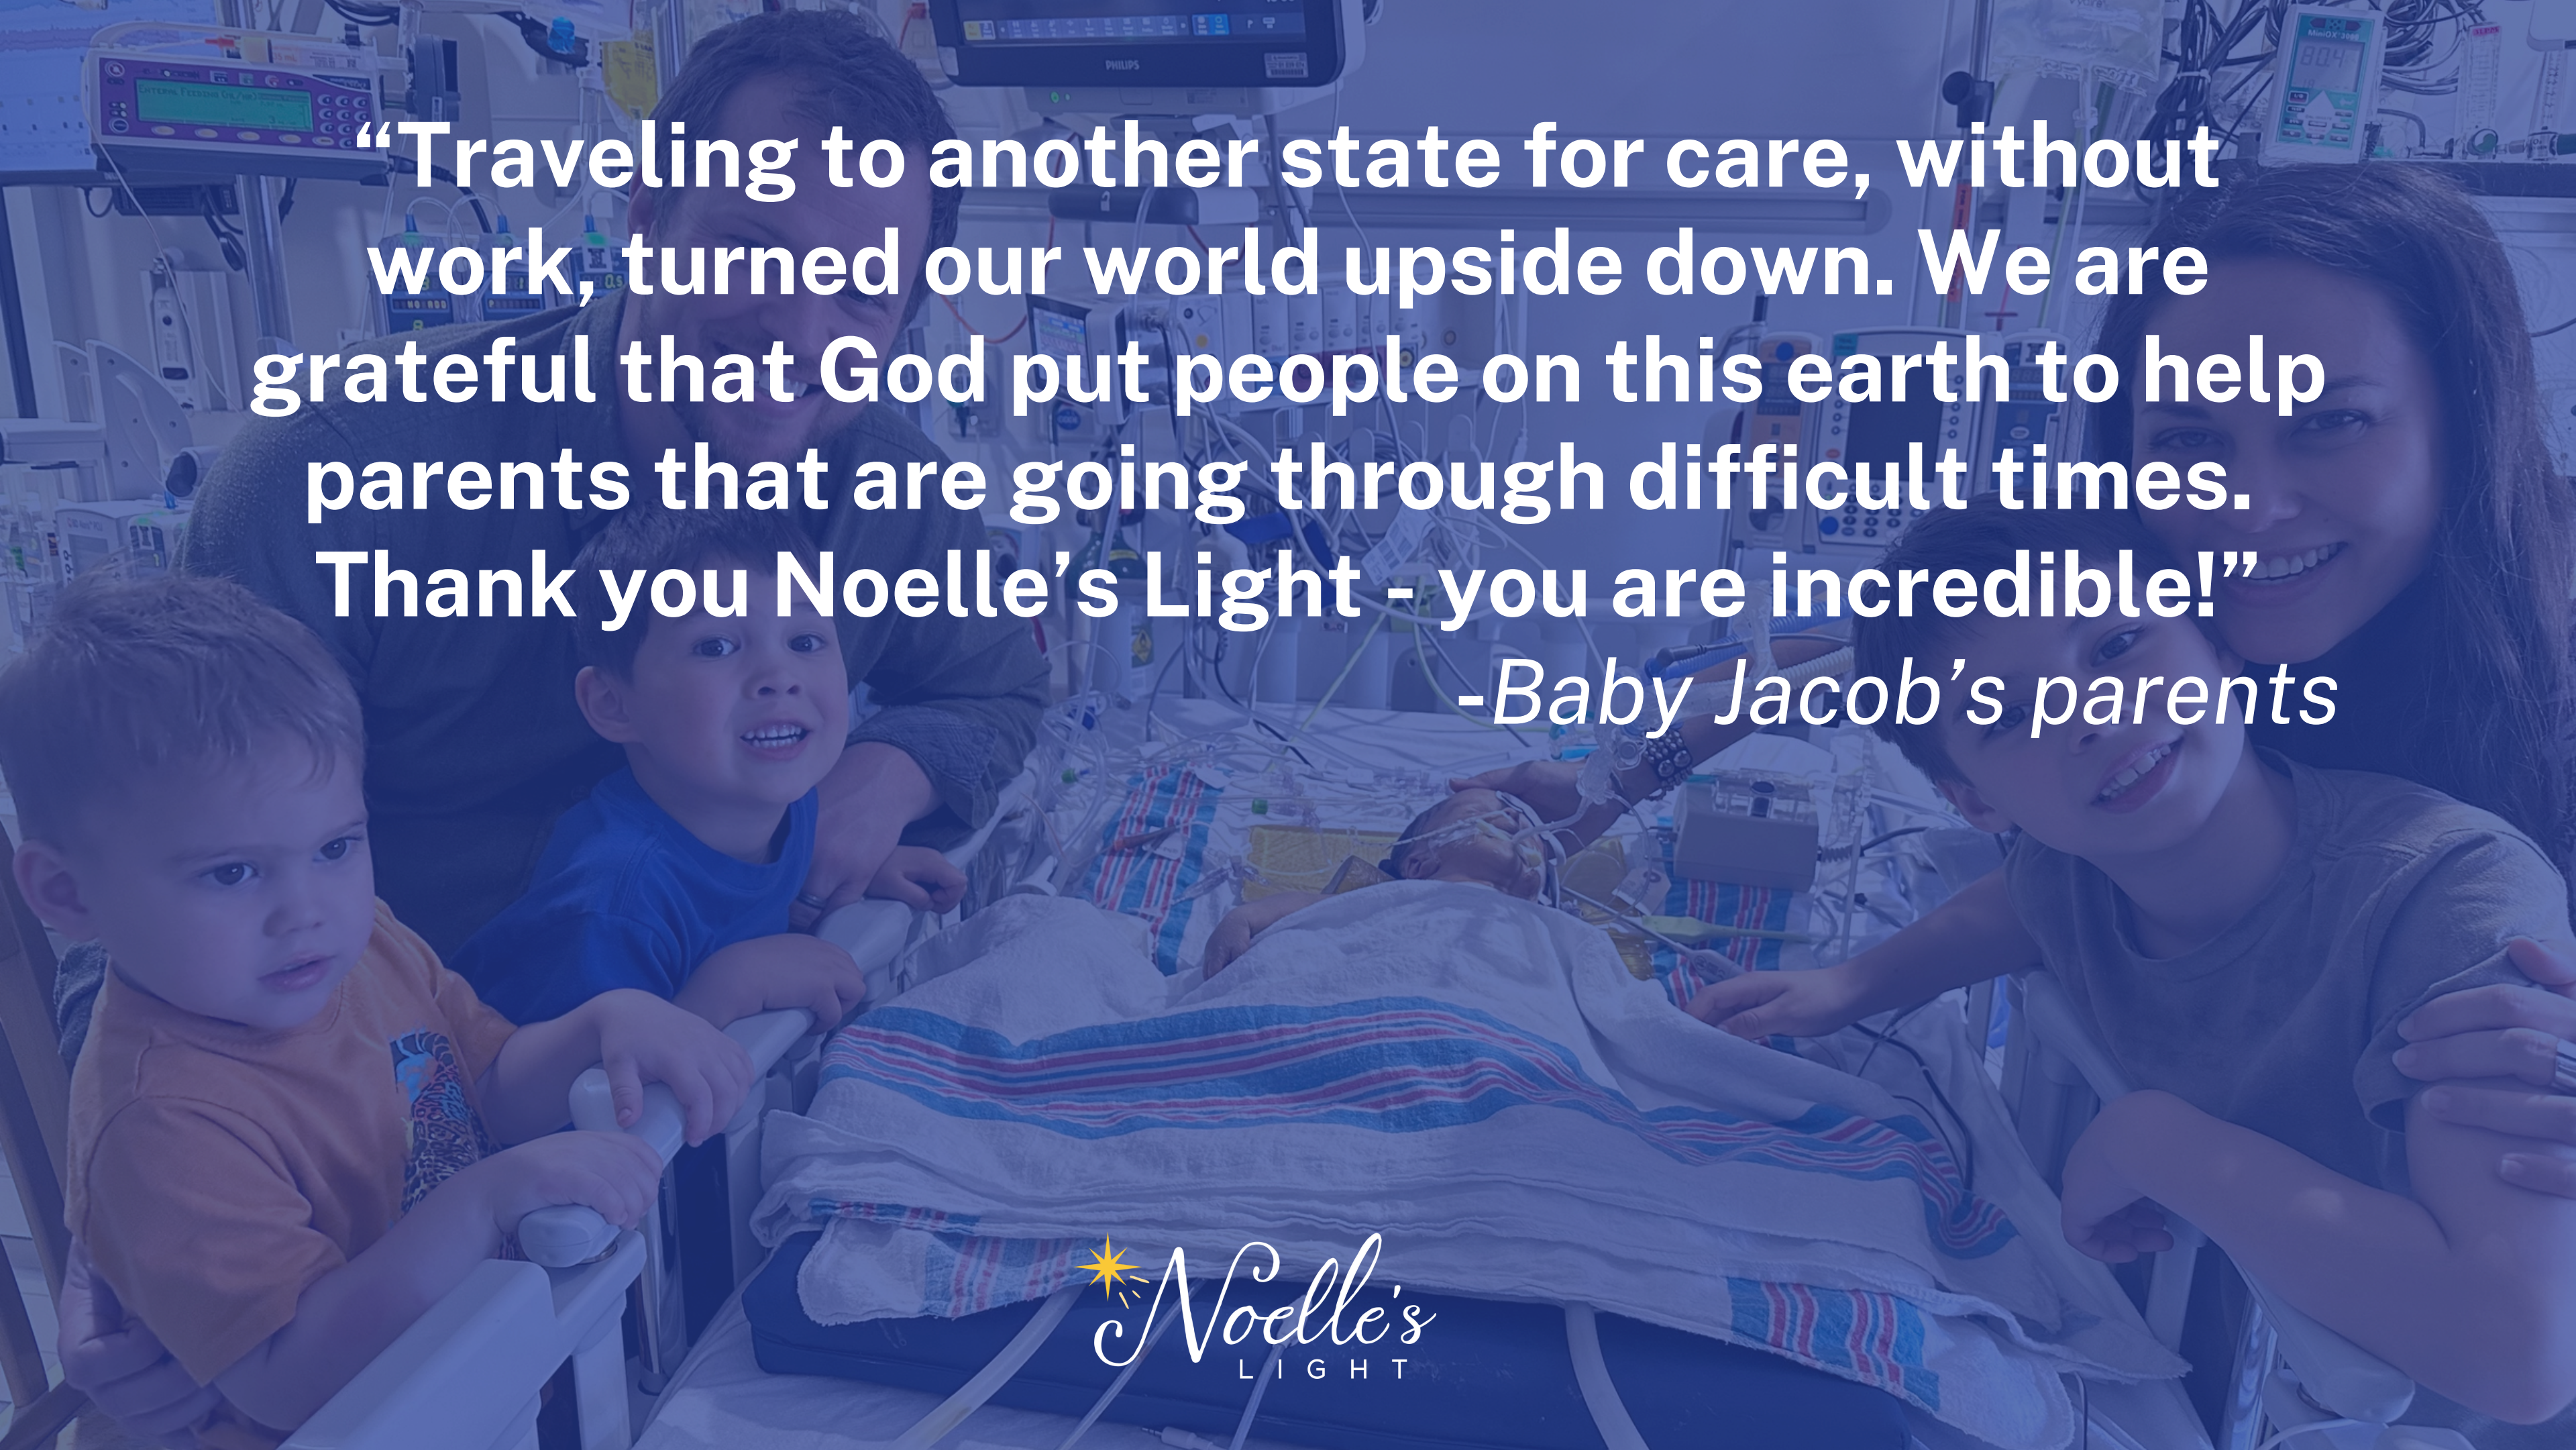

Founded in memory of their daughter Noelle, Alex & Jodi Laughlin created Noelle's Light to support families during their moment of need.

Since launching as a 501(c)(3) in 2020, Noelle's Light has:

- served **400+ families** across 34 states and 7 countries
- provided **\$450,000+ in emergency financial relief grants**
- helped hundreds of families with **emotional support** groups, Hope Boxes, and more
- partnered with **top institutions** such Children's Hospital of Philadelphia, Boston Children's Hospital, and Ronald McDonald Houses in Philadelphia & New York

Every dollar raised provides hope, stability, and critical support to families in crisis.

A photograph of a family in a hospital room. A father and mother are smiling, with two young children looking at a newborn baby lying in a medical bed. The room is filled with medical equipment, including monitors and IV stands. The entire image has a blue tint.

**“Traveling to another state for care, without work, turned our world upside down. We are grateful that God put people on this earth to help parents that are going through difficult times. Thank you Noelle’s Light - you are incredible!”**
